

Hex, A Witch and Angel Tale

Like most girls at Rosemound High School, seventeen-year-old Lily Crane is acutely aware of Ryder Kingscott. Hands down the cutest guy in school, Ryder is cool, mysterious, and utterly untouchable—especially for Lily. For when she touches someone, Lily instantly learns all about their lives. And while such a skill might seem nifty, in truth it is wrecking Lily's life. So she is shocked when Ryder asks her out and even more shocked to discover he has a rival. Lucian Bell is the gorgeous new kid who can't take his eyes off of Lily. Being pursued by two hotties should make a girl happy, but Lily is skeptical. The boys act as if they've met before, hating each other with a passion that could only be rooted in a dark, dangerous past. A past full of terrible secrets. The kind of secrets that could get a girl killed.
