

Life is Beautiful Postcard Book: Adventures in Ink and Inspiration (Hobbies and Craft)

Dreaming and relaxing, creating gorgeous landscapes of greens and blues, purples and reds, this beautiful postcard book will give you many hours of pleasure, and calm. And you can send your wonderful creations by post. With a range of challenging and more restful designs Life is Beautiful takes you on an intimate journey where the satisfaction of creating beautiful artworks is mixed with inspirational quotes to be found on every card. You can use a wide variety of pens: from gel and pencil, to pigment and crayons, from ballpoint and rollerball to highlighters, although its best to avoid the heavy felt pens. Each page is perforated near the spine of the book, so you can tear out and frame, or simply place your wonderful creation on the walls of your home, perhaps even send them as a gift to your loved ones. You'll have to make a choice about which design to make, if you want to tear it out, but with 25 to choose from there's more than enough to help you make your decision.
