

Housing Conditions in Plainfield and North Plainfield, New Jersey (Classic Reprint)

Excerpt from Housing Conditions in Plainfield and North Plainfield, New Jersey The making of this Survey has been greatly facilitated by the co-operation of the committees for whom the work was undertaken and by the assistance of several of the city officials. Special acknowledgment is due Mr. Chandler and Miss Mattison of the Board of Health, who put at my disposal the records of the office, - thus making possible a history of the tuberculosis situation which could have been obtained otherwise only partially and with difficulty. For the statistics of tenement conditions in both Plainfield and North Plainfield, I am indebted to Captain Allen of the State Tenement House Department, who kindly supplied all the data from the official records. To all who have helped with information, suggestion or advice, I am most grateful, and especially to Mr. Ihlder, Field Secretary of the National Housing Association, for advice during the investigation and criticism of the report.
