

## How to create PASSION SPIRIT ADVENTURE in your life: Contemplations and Unusual Interviews with those who are true to themselves

Why do some people love what they do and others don't? Do you secretly believe that these people are different from you? This book shows you everyday people, someone you might meet at the grocery store, the gym, at the gas station or in line at the movies who love their work. These men and women are excited to get up in the morning, they are happy with their lives, they feel fulfilled and on purpose. They share their stories, their paths, sometimes their income, but most importantly they offer their emails or websites so you can connect with them for mentoring. You will gain insight into what it takes to create the life you long for. The author shows you the small steps that can bring you the excitement, meaning and purpose you were created for.
