

## How To Turn Your Desires And Ideals Into Reality

How To Turn Your Desires And Ideals Into Reality provides you with everything you need to know and do to achieve your ideal or vision. Here Brown Landone shows you: How it takes just five minutes a day to make you super-efficient, How to change a weak will into a strong will, How to form an ideal which will come true. In this book one thought deserves more than passing mention. During the centuries philosophers have sought the basis of the souls faith in the unity of all things. Clearly to present that basis of unity is now, I know, Brown Landones one great life aim. He may or may not succeed in making the world conscious of this unity, but at least the attempt in The Spirit of Matter comes nearer making us know that the spiritual and material world are one than anything written previously. With such a consciousness of the unity of all things of spirit and of matter, the faith is strong and the way is clear to make our ideals come true. EDGAR H. FELIX -New York City
