

I (Heart) My Truck

I ?? My Truck pays homage to the great American pickup truck with gorgeous full-color photographs accompanied by excerpts from literature, music, and irreverent quips. This collection pays tribute to the vehicle that has played such an important part in the building of the American dream. Seitz's photographs of lovingly restored pickup trucks will make even the veteran truck connoisseurs heart beat fast. The great American truck is a thing of beauty, a beloved and reliable companion. For some, it is hard to imagine a stronger bond than that which exists between an owner and his or her restored vintage truck. And, as the classics pictured in this book demonstrate, a truck can also be a work of art, each with its own character, as unique as its owner. This book is the perfect gift for any truck enthusiast, filled with shiny symbols of Americana that time cannot erase.
