

## Good Hunting - In Pursuit of the Big Game in the West

Originally published in 1907, this book offers to younger readers a series of pictures of out-door life and big-game hunting in the west. It is a field-book, written by a true sportsman out of his own experiences that many people will find a fascinating read today. Many of the earliest books, particularly those dating back to 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original artwork and text.
