

Warrior Work: A 52 Week Guide to Help you Get It Together

The goal of this 52 week reflective series is to help you g.e.t.i.t. together. It provides reflective insights to help you clarify your goals, build and direct your energy through verbal and physical techniques to achieve what you WILL. Use all situations to cultivate your inner skills, you can lose everything you have but who you are and your inner skills you take with you as you navigate the roles and worlds of your life. Test what you read and see what works and does not work for you. I created the G.E.T.I.T. paradigm from Sun Tzu's 5 Fundamentals from his Art of War or Art of Strategy as R.L. Wing translates it. It allows you to reduce any situation to its fundamentals and see yourself and those you are in relationship with from a broader perspective with light and love. It allows you to cut through any confusion and make willful conscious intentional choices believing that what is best will manifest through the power of your love and actions. Goals (Intent) Energy (emotions) Techniques Inner Skills Test It When you have a clear GOAL you can direct your ENERGY or EMOTIONS through verbal and physical TECHNIQUES that best fit the SITUATION you are encountering to achieve your GOAL. Use all SITUATIONS to cultivate your INNER SKILLS (patience, cunning, sweetness, detachment) and TEST IT to see what works and does not work for you. With all that in mind, it is important to ADAPT your techniques to fit your situation so feel free to jump around this guide and use it so it serves you! Explore Fear and Courage, Wrath, The Way to better Decision making, Love, Virtue, Forgiveness and much more. Here are what people are saying about Warrior Work: Warrior Work helps you G.E.T.I.T. Together! These Life Lessons are very pragmatic referencing many spiritual truths from many different spiritual teachers. The Warrior Work is one of the most profound social, philosophical

& spiritual encouragements I've ever read. After 6 years of practicing Tai Chi and sharing Master Hills Warrior Work with my students, those words still come alive off the page & deep into our hearts! Deborah DeBenon Certified Fitness, Yoga, Tai Chi and Qi Gong Instructor Warrior Weeks provides a subtle twist to my take on the world and slowly brings the true meaning of things into perspective. High School Student I have found the Warrior Weeks incredibly helpful because they have given me a greater understanding of common concepts. They have shown me how a deeper understanding of these concepts can help me find peace. Anthony Muth (high school student) These Warrior Weeks are brilliant. They truly open your eyes and help you to see more inside yourself and the world around you. I would recommend them to anyone. Tessa Weber (high school student) The more I read the Warrior Weeks the more I see a change within myself. They have not only helped me outside of school, but have also helped me with school. I love reading through the many different weeks. It seems like there is always a week that fits me. Sage Kitson (high school student) Peter's work continues to make a profound difference in my life. His words get to the core of the issue. The truth he speaks resonates with my soul and reminds me of what is most important in life. Of all the techniques and teachings my students are learning in our Leadership class, Peter's teachings in the Warrior Weeks remain the top choice for many students. Thanks Peter! Avi Marie Beaulieu (speaker and teacher)
