

Guide to Cold Weather Hiking

Snow, biting wind, sleet; winter seems an intolerable time of the year to head outside. For those few who are willing to refuse the normal, the winter offers a wonderland of sights and experiences which will last you a lifetime. Guide to Cold Weather Hiking is the culmination of close to two decades of experience that I have gained from exploring the world around me, a condensed guide to help you plan your first excursions into the greater world. The world is your oyster, but only if your willing to take it.
