

## Lets Play Ball

Play Ball! This is a book for young boys and girls who play sports. Hopefully it will allow them to realize that the most important part of the game is having fun. It also lets the parents know what the children are thinking during and after the game, and of the pressure put upon these children to win, win, win! They forget the fact it is a game and a release of energy needed to balance their busy lives in school and other areas.
