

Lifes Delicate Balance: Our Common Home and Laudato Si

In *Lifes Delicate Balance*, Nellie McLaughlin examines the popes call for everyone to act in unison for the common good. While previous popes have spoken out about environmental issues, Pope Francis, in *Laudato Si*, is the first pontiff to devote an entire encyclical to the subject. With core questions included for reflection and action, this clear and concise book will help readers heed the urgent message of this timely encyclical.
