

Finding Monsters: Guardians of Esurack (Volume 1)

Missy has been fighting to live her entire life, but when she finds herself in a realm of unique and sometimes deadly monsters, she discovers just how much of a survivor she really is. Accidentally transferred to this mysterious realm by her monster and only friend, Charlie, he finds himself weak and unable to protector her. The only way she can defend herself and him, is to become a monster herself. But an unknown dark stalker watches her progress and if he steals her power, he will unleash a scourge on both his world and the world she left behind.
