

No Place to Fall

Jandy Nelsons *The Sky Is Everywhere* meets Sarah Dessens *This Lullaby* in this sexy and poignant debut novel about family, friendships, and first romance, which Kirkus Reviews praised, saying, Southern charm oozes off the page. Amber Vaughn is a good girl. She sings solos at church, babysits her nephew after school, and spends Friday nights hanging out at her best friend Devons house. But when she learns about an audition at a prestigious arts school, Amber decides that her dream to sing on bigger stages could also be her ticket to a new life. Devons older brother, Will, helps Amber prepare for her one chance to try out. The more time Will and Amber spend together, the more complicated their relationship becomes . . . and Amber starts to wonder if shes such a good girl, after all. Then, in an afternoon, the bottom drops out of her familys world and Amber is faced with an impossible choice between her promise as an artist and the people she loves. Amber always thought she knew what a good girl would do. But between right and wrong, theres a whole world of possibilities.
