If your heart has been hurting you will begin to love and accept yourself and forgive yourself and others. You will become more easily centered, peaceful and happy in every moment. Life will return to being that adventure it was when you were a child, ready to grow and have sensual experiences. In this book you have the unique opportunity to go on a sensational holiday, to explore and open and expand your sensual aliveness. Your response to your environment will never be quite the same again. Be prepared to feel more exuberant, happy, energized and alive than you have ever felt before.
