

What if you are me... (Awesome Rainbow Series Book 1)

Each child is unique and parents should not be afraid to let their children explore, experiment and express their thoughts and interests in various forms. This book gives young and adult readers a glimpse of the adventures of two young girls who joined their mother in a foreign land. They are like any normal girls who love to play and run or pretend that they are listening to their teachers during lesson time. What if you are Me is a compilation of adventures and imaginations of two girls who feel that there is no boundary to what they would like to be. Confident in their belief that each individual is unique, they face each day with an enthusiasm that when the sun sets, they have what they call the highlights of the day. Happy or sad, they never fail to make you smile and inspire you to make that dream of yours a reality.
