

## Viscera (Cedarcrest) (Volume 1)

Cedarcrest, Minnesota. An industrious town built on taconite mining and terrible secrets. Katy Sawyer didn't want to move in with her mom when her parents split. Sure, it was only across town, but it meant she had to go to the newer Cedarcrest High School and graduate with a class of complete strangers. When things start getting seriously disturbing at Cedarcrest High, even Katy's mother will wish she hadn't uprooted her daughter. The Cedarcrest series follows the lives of high school students at Cedarcrest High as they trudge onward through classes interrupted repeatedly by incredible events- both good and bad.
