

Turning the Page: Finding the Courage for Major Life Change and the Wisdom to Reinvent Yourself

IS IT TIME FOR YOU TO MAKE A NEW BEGINNING? To find a new job? To launch a new career? To seek a serious relationship? To go ahead and marry, in spite of your fears? To move to a new home or a different city? To find a new church? To take on a challenging ministry in the church you attend? To embrace a major educational goal and see it through? To take up tennis and stick with it? To learn guitar and become a competent player? IS IT TIME FOR YOU TO REINVENT YOURSELF? If so, you'll find abundant help for doing so in this book. God has so designed human life, M. Blaine Smith explains, that we need a major change from time to time, to keep adventure alive and to realize our highest potential. Smith looks carefully at how we can grow more alert to the new directions God wants us to take and then find the courage to follow them, in the face of a host of fears that can hold us back. He takes a keen look at certain issues that often keep us as Christians from pursuing God's best options for us. Smith writes compassionately and with great enthusiasm for life's new beginnings, explaining how they can bring unspeakable benefits to you and to those your life touches. This book will help you to:

- Grow more alert to God's guidance
- Recognize when God is prompting you to take a major new direction with your life
- Find the courage to reinvent yourself
- Conquer fears of failure, success, and commitment
- Let go of a comfortable situation that's holding you back from God's best
- Deal with impostor feelings that often accompany a major life change
- Understand when you're locked in to past expectations or promises and when you're not
- Overcome regret over past decisions that now seem misguided
- View your limitations as strengths

Most of all, Turning the Page will fire your passion to reinvent yourself when the time is right. Blaine Smith's counsel will help you

identify that new adventure God has for you, move beyond your fears and pursue it successfully! RELATION TO OTHER M.
