

Dreamhunter (Dreamhunter Duet Series)

Fast-paced and dazzlingly imaginative, Dreamhunter will draw the listener into an extraordinary fictional world in which dreams are as vividly described as the cream cakes in the tea shop, the sand on the beach or teenage first love. Dreamhunter is set in a world similar to ours but for one difference, the Place, a mysterious region filled with dreams of every kind?dreams that heal, dreams that can influence or mislead. Only a select group of people can enter the Place: the Dreamhunters, who are able to catch the dreams and relay them to eager audiences in the magnificent dream palace, the Rainbow Opera. Fifteen-year-old cousins Laura and Rose are about to find out whether they are part of this prestigious group. But nothing in their darkest nightmares can prepare them for what they discover. For within the Place lies a horrific secret. A secret kept buried for years, a secret crying out to be heard.
