

## The Secrets of the Mahjong Club

The evolving friendship of six women all well educated, successful, professional, and now retired is the centerpiece of this spicy collection of erotic stories. As they meet regularly to play mahjong together, they begin sharing the details of the sexual encounters throughout their lives. While the variety of experiences ranges from humorous to somber, at some point each of the women has experienced great sex. These distinct women, each with particular passions and their own inimitable pasts, bond together by reflecting on the manner in which their sexual liaisons have shaped and sometimes changed their lives.
