

The Prophecy Puzzle: Fitting prophecy from the whole Bible into the book of Revelation

The Prophecy Puzzle is an interesting and practical study on the whole book of Revelation. The subtitle is, Fitting prophecy from the whole Bible into the book of Revelation and that is what I tried to do. I go into great detail about how and when end-time events will happen. It is different from other prophecy books in that I believe the style of Jewish writing called, Parallelism was largely used in the writing of the book of Revelation. Understanding this gives a much clearer meaning of the book of Revelation, especially in regards to the chronological order of end-time events.

The book of Revelation is also a very practical book, dealing with basic Christian doctrine as well as the prophecies. I also discuss how these prophecies and Biblical teachings should effect our day-to-day lives in The Prophecy Puzzle. I am sure no matter if you are new to Biblical prophecy or if you've been studying it for forty years, you will be challenged with new ideas and possibilities. You might agree or disagree, but you will be engaged in thought and hopefully prayer.
