

## New Mexico Waterfall Handbook

This book presents more than a couple hundred waterfalls I have found in New Mexico. I have lived in and hiked New Mexico for most of my 63 years. Im a Waterfall Lover and I have published New Mexico Waterfalls Handbook to share these sweet waterfalls with you. 188 pages - 6 x 9 with over 160 full-page photos. gps coordinates and brief descriptions appear for each waterfall. However, I do not spoon-feed you... so you will have to do some homework on your own before discovering these waterfalls for yourself. I have also recently published New Mexico Waterfalls...a full-color version of this book and... Taos Waterfalls which concentrates on north central New Mexico. Now you can hit the back-country with a delicious goal beckoning...!!! Each and every waterfall has its own unique personality... its own energy... its own discovery...!!! Become a Waterfall-Lover... get hooked on Waterfalling...!!!!
