

The 4 Cornerstones of Your Success: Building A Life Beyond Your Imagination

The 4 Cornerstones of Your Success: Building A Life Beyond Your Imagination is a culmination of the success that Life promises each of us, if we just work hard for it. In this intriguing book, Dre Parker, summarizes how Faith, Family, Fitness and Finance all four characteristics together - attribute to a well-balanced success that is rarely discussed or even achieved. Each of us knows someone, maybe even ourselves, who has accomplishments in one or more of these aspects. However, to realize measureable success in all four of these areas is an achievement that few people ever reach, or even consider. There are people who are financially independent, but their private family life is a wreck. There are those who are in great physical shape, but their finances are deplorable. There are those who have enough faith to move a mountain, and their family supports them, but their health is on the back burner until a medical emergency arises. So, to have success in each of Parkers four Cornerstones would actually be A Life Beyond Imagination.
