

Night Naked: A Climbers Autobiography

On October 5, 1995, Swiss Alpinist Erhard Loretan became the third person to climb all fourteen 8000-meter peaks, and the second to climb them without supplemental oxygen. He also became one of only a handful of individuals to climb Everest via the Hornbein Couloir; he and Jean Troillet completed the roundtrip climb in only 43 hours. An influential climber, Loretan's story has never before been told in English. He writes with humor, often deprecating his own accomplishments, and he is shockingly honest.
