

Nodame Cantabile, Vol. 4

DIS-BAND CAMPMilch may be down, but hes definitely not out. In fact, hes back to take (or is it to force?) the gang to participate in the Nagano Music Festival. In preparation for the festival, the students go to a band camp where they do much more than just play music. Chiaki confronts his fear of the ocean; Mine spends his time getting a tan worth singing about; and Nodame the orangutan, after the humiliation of getting kicked out of a master class, gets set to prove that she can really play the piano. There are plenty of high jinksand nobody gets away unscathed.Plus, theres a hilarious extra story that takes us back to Nodames childhood, as she drives her piano teacher insane with bad jokes and month-old sandwiches. With Nodame, expect the unexpected from beginning to end!
