

I Cant Sleep: Solutions for Insomnia (Life Transitions Series Book 1)

One of the most difficult things to cope with in life is the inability to get enough good sleep at night. As with any suggestions, some will work better for one person than another. You may find that combining several of them will be the best fit for you. Whatever your difficulty with sleep, we hope that you will find some relief in these pages. Though many natural, enjoyable and affordable solutions are suggested for insomnia, there is also a very helpful interview with a sleep center director from an actual hospital sleep center about sleep apnea and a sleep disorder evaluation - what it involves and what to expect.
