

## Numbers for Successful Business

(ENGLISH EDITION) In this publication number series are given applying which, in accordance with terms, definitions and notions, in business one can successfully give prominence to his own business on the basis of technologies of eternal development. Economy is considered as various types of peoples activity and over human society activity in general, which allows people and society to supply themselves with physical resources for life. Alongside with that the economy of eternal development is directed, first of all, to reproduction by natural means of nonrenewable resources required for eternal development. Then the economy of eternal development defines the necessity of getting means for renewable life sphere which is produced by natural, social and technogenic methods. A human being is basis of such economy realization. Since ideas and practical activity of people are oriented to eternal development, so they create economic structure of society of eternal development.
