

Our Cosmic Ancestors

Our Cosmic Ancestors is a dynamic work unraveling the messages of these universal astronauts and decoding the symbols and visual mathematics they have left for us in the Egyptian Pyramids, Stonehenge, the Mayan calendar, the Maltese Cross and the Sumerian zodiac. The book is captivating reading from beginning to end. However Mr. Chatelains purpose in sharing these exciting discoveries lies in the hope that all humans will extend their horizons, to release fear of the unknown just enough that another generation will exhibit growing curiosity to continue the search for signs of purposeful nurturing of this planet.
