

Pacific Crest Trail 2013: A Witness to Gods Creation

Its just a trail. 2660 miles of dirt, sand, gravel, granite, lava and pine needles. It cares not who treads on its ever changing surface. Its very existence depends on the footsteps of those who navigate its pathway. Reaching the end of this 2 foot wide track a person finds themselves at the end of something that goes on in every aspect of their life. A deep inner emotion grips at your soul, one that can only be understood by those who have also walked along this seemingly never ending trail. On Sunday afternoon of April 7th Quentin (Family Man) Reavis along with his dad, Donald (Stagecoach) Reavis left the monument along the Mexican border for the ultimate hike along the most prestigious trail in the western United States. Five months later they arrived at the northern terminus on the afternoon of September 7th. The agony they experience was dwarfed by the God inspiring landscaped. From the hot arid desert of southern California to the snow covered High Sierra Mountains. They traversed the pine covered wilderness areas of northern California and Oregon. They climbed the lava flows of Oregon and crossed the Bridge of the Gods on the Columbia River. Washington State would not go without a fight as they climbed the alpine mountains and crossed swollen rivers. Walking late into the night and waking as a new day brings predawn light to the eastern sky, Stagecoach and Family Man experienced what few have. Day by day the layers of modern life were peeled from their cluttered conscious allowing the miracles of God to be revealed. PCT 2013 - A witness to Gods Creation is a collection of pictures taken during the 153 days on the trail. Unfortunately pictures cannot do justice to experiencing a valley stretched out before you as you stand on a mountain pass at 12,000 feet. A portion of the proceeds from the sale of this book go to the Pacific Crest Trail Association

(PCTA.org). We are forever grateful to the association for their work on maintaining and protecting the PCT.
