

The Promise of Hope: How True Stories of Hope and Inspiration Saved My Life and How They Can Transform Yours

The editor-in-chief of Guideposts magazine presents life-changing stories—including his own recovery from addiction and depression—that demonstrate the simple keys to personal change and fulfillment. Years of listening to other people's stories of going through tough times, hoping to overcome difficult odds, or trying to find a way to make a difference in the world brought Edward Grinnan to the understanding that personal change is vital to achieving success. In each chapter of this book, he weaves the tales of other people with his own story to reveal how each of us can learn about the keys to powerful personal change. He shows these principles at work in his own personal struggle with alcoholism, and how he has learned through his own missteps to accept change and become the person he was meant to be.
