

## Psychic Junkie: A Memoir

The future lies ahead. BUT YOU CAN PAY FOR A PREVIEW. When her promised stardom fails to materialize, struggling actress Sarah Lassez finds solace in psychics who predict the coming of the man of her dreams. She's sure she's found him in Wilhelm, a suave hotel sous-chef from Germany. But mayhem ensues when she takes the words of the psychics over the words of her actual boyfriend and is convinced he's about to propose -- when in reality he's planning to leave the country . . . without her. Sarah's world dissolves into a haze of credit card debt, loneliness, and a raging addiction to psychics that threatens to destroy her finances, her relationships, and her sanity. She knows she needs help. But getting it will mean confronting the fact that life is not to be controlled or predicted, and though dealing with reality isn't always easy, at least it doesn't cost \$4.99 a minute.

Psychic Junkie is a true story of life and love in Los Angeles, narrated by an endearing protagonist whose search for answers will resonate with everyone who has ever tried to make sense of career, relationships, and adulthood.
