

## Gods Quartermaster

Warning: \*\*\*\*\*THIS BOOK WILL CHANGE YOUR LIFE \*\*\*\*\*It will take you to a place where, love it or hate it, you cannot ignore the questions that it raises! Best of all, it will leave you with a deep sense of Hope. What am I doing here? and How did I get here? are two of the most fundamental questions that everyone asks themselves at some point in their life. We all know that we exist, but how do we actually get here? Nobody has yet successfully managed to understand how or when each spirit manages to squeeze itself into its human body. Gods Quartermaster captures the novelty and humour of the concept of clothing the soul with its human shell whilst not losing the gravitas of its underpinning questions and the implications of their answers. The Quartermaster is normally one of the oldest and most respected members of a highly structured (military or naval) organization: a highly regarded figure of great experience with a deep knowledge born of a wise observance of all that has passed in front of him during his time of service. The Quartermasters Store is where everybody goes sooner or later in order to draw the articles necessary to accomplish any task or mission with which they have been invested. It is the natural focus for all, no matter their role, rank or mission, for it houses the means to do the job. Similarly, where everyone returns in order to de-kit and replace broken or well worn equipment which is then sent off for refurbishment or replacement. Therefore the Quartermasters Store is a ready means through which to reflect upon all of the puzzles life, death and the ultimate questions of How, Why, and Whats next? Whilst operational debriefing does not normally take place in the Quartermasters Stores, an inevitable part of the logistic process involves an understanding of what the mission is likely to be and a garnering of what the experience was like on the warriors return.

The vignettes within the book describe a wide breadth of humanity returning to the Stores, each with its own Warriors Tale. The final question of course is to the Reader - what will be your own tale when you hand in your kit to Gods Quartermaster?
