

Quick Start Guide to Affiliate Marketing: Answers to the Questions You Should Be Asking

This book won't make you rich quickly. Being an avid fishing fan, the author is a big believer in distributing fishing tackle and tips (knowledge), not the fish itself. Therefore, what this book will do is walk you through the key affiliate marketing notions, answering the most important questions, and equipping you with the information you need in order to chart your own road map for affiliate success. In a Q&A format the book answers a total of 60 questions, providing you with solid affiliate marketing knowledge.
