

Sit It Out or Dance

People wonder how she bears it, and the answer is: She chooses to dance! Her poignant, funny, and gung-ho journey is both a tribute to her departed family members and a resource for those facing the most challenging life and death scenarios. It hasn't been easy. She shares insights into a perfectly imperfect marriage haunted by a mistress named alcohol, and her husband's life-changing recovery. Written from a mother's perspective, Sally celebrates her carbon copy son who lit up her world and produced her wonderful grandchildren. Suddenly both her husband and son were gone. Now what? Refusing to be a victim, Sally honors Lou and Michael by living the life they would want for her, a life full of Bucket List moments and new adventures. Sally chronicles the steps she took to blossom into the woman she is today. My best friends weighed in and pre-eulogized me, says Sally of this collaborative memoir. But the true mission of *Sit It Out Or Dance* is to help others heal. A sprinkling of faith, a dose of chutzpah and a positive mindset fill the pages. This must-read book is a testament that you, too, can find joy after deep loss. The book is a wonderful resource for anyone facing the unthinkable.
