

## Beginning: Hidden Biblical Creation Secrets

God is not a liar or a deceiver. His spoken Word created the universe. There is no way Gods written Word should be in disagreement with scientific facts concerning what He created. If you hear a creation story from the pulpit that does not agree with scientific facts, you are hearing a misinterpretation of the meaning of Gods written Word. Beginning provides understanding of the Bible concerning creation that is not in disagreement with scientific facts. For the Christian Church to grow and regain its stature around the world, in order to carry out its God-given work, we will need a deeper understanding of creation.
