

The Mystical Sayings of Yesu

Jesus lived for several years in India. After His crucifixion, the Apostle Thomas went to that country to spread the teachings of The Way as taught by Jesus. In India Thomas established the first church based on the teachings of Jesus. He wrote The Mystical Saying of Jesus, during that time. About a 180 years later the first of the Synoptic Gospels were written, and it seems likely that these sayings were used as the source material. The sayings are esoteric and mystical and mostly allegorically written. The reader is invited to study these sayings along with the author with an open analytical mind.
