

My Journey Back in Thoughts and Poetry

Nothing has a more devastating impact on a family than the death of a child. How do parents begin to cope with the profound grief, tormenting feelings of guilt and overwhelming sense loss that cast a shadow over every aspect of life in the aftermath of such a tragic event? When Deborah Taylor lost her four-year-old son, Benjamin, she found a path out of the shadows through her writing. My Journey Back is a moving and insightful collection of poetry and prose that chronicles a mother's painful journey through the grieving process. Through sharing her own experience, Deborah Taylor provides encouraging advice and support for others struggling with their own loss by addressing the sensitive issues that are difficult to confront. The need to find an appropriate support group, caring for surviving children, and preserving the memory of the child who is gone are some of the topics discussed with a frankness that resonates with honesty and compassion. My Journey Back is a heartfelt and soulfully intimate book that illuminates a path of hope and healing out of the shadows of despair
