

Slipstream Time Hacking: How to Cheat Time, Live More, And Enhance Happiness

The faster you move, the slower time passes, the longer you live. Peter H. Diamandis Time is the number one currency of life. Time is the new money. People want it more than anything else. As you read SLIPSTREAM TIME HACKING and apply the principles contained therein, you will learn to: Quickly design the life of your choosing. Add decades of quality time to your life. Achieve bigger goals than you can presently conceive. Command time rather than the other way around. This book will provide you a mind-bending and soul-expanding experience like no other self-improvement book you've ever read. The goal is to radically alter your entire perception of reality and what's possible. Take control of your time. Take control of your life. Our time should be of utmost quality and memorable. As you read these pages, you will see in a very real way, that most people spend only a few minutes living every 24 hours. Most people's time is on fast-forward to their deathbed. This may be you right now. The goal is to get where you want to be, your ideal life, quickly so you can live there as long as possible. You can live thousands of years worth of life in a single life-time by understanding the principles in this book. SLIPSTREAM TIME HACKING will challenge you to answer these questions: Ideally, how would you spend your time? What activities, if you could spend the majority of your time doing, would be most impactful? What activities would be most meaningful and important? What lifestyle resonates with your firmest convictions? Take action. Read SLIPSTREAM TIME HACKING and live the life you always wanted to live right now.
