

## Smart Sex: Finding Life-Long Love in a Hook-Up World

Fear is at the heart of the sexual revolution, and its most fitting monument is the hook-up. Dr. Morse exposes the sexual revolutions fraudulent promise of freedom and fearlessly explodes some of modern societys most cherished and destructively myths. She argues that strong, lasting marriages are essential for the survival of a free society, not to mention basic human happiness. She fires the opening shots of a new sexual revolution and shows how everyone, married or single, can help.
