

Spawn: Architects of Fear

An elite group of Angels, known as the Castle of Architects, needs the help of Spawn to retrieve one of their living weapons that has gone amok, the Horsaak-El. For centuries this weapon has been absorbing the souls of the damned to keep them from joining the armies of Hell, but now it is preying on the souls of the innocent. To ensure Spawns cooperation, one of the Caste have placed his brother, Marc, in the weapons path! From the creative team that brought you Spawn Simony comes this new, original Spawn graphic novel fully painted by one of the worlds premiere artists. Spawn: Architects of Fear also features a behind-the-scenes section, with additional art and commentary about this long-anticipated project.
