

## Swamp Thing: Regeneration

Following on from Alan Moores extraordinary and influential run on the series, his longtime collaborator Rick Veitch took up the reins and created Swamp Thing: Regeneration - a masterful and controversial epilogue to Moores work. Swamp Thing has returned from his exile in deep space, only to discover a new elemental creature is blooming, and throwing the natural order into chaos. To maintain his supremacy he must destroy the usurper, but in doing so, risk the destruction of nature itself. With Swamp Things popularity soaring once more, this is an ideal segue between Alan Moores classic series and the new Swamp Thing: Bad Seed (all available from Titan).
