

## God on Trial: Is He a Healer or an Abuser?

Is God a Healer or an Abuser? Arguments and testimonies in a courtroom setting will clear up the confusion and allow you to sift through religious-sounding statements and find the truth. This book will give you the scriptural basis needed to present your case for God's defense to skeptics who believe God no longer heals today, or that you can't know if it is His will to heal. If God is using sickness and tragedy to teach His children lessons, isn't that the same thing as child abuse?? If He's not the one doing it, then who is? Why do we beg for healing, and it doesn't come? Like an attorney, I will cross-examine witnesses and attempt to lay out a case in God's defense. I have my own strategy, but my real ace-in-the-hole will be revealed when I put God Himself on the stand; that will be the clincher. Since everyone knows He cannot lie, His own words introduced as Exhibits A and B will serve to condemn or acquit. You are on the jury. What will your conclusion be? Guilty, or Not Guilty?
