Perhaps you already feel the space between the two of you but you dont know how to close the gap? Maybe youre having a hard time right now and you arent sure how to reach out? Or you simply miss that bond you once had and you want it back? The 5 Little Love Rituals book is about five tiny little habits successful couples do to connect and keep their love young in just minutes a day. About The 5 Little Love Rituals Written by an author who has been there and done that, this book will let you re-discover amazingly simple things you can do to achieve a fulfilling relationship that doesnt feel good just for the moment, but a relationship where that feel-good sensation is normal. Why You Should Check Out The 5 Little Love Rituals This book will be a good fit for you if you want to: Put your marriage first and keep it there. Start creating bonding moments right now (or right when your partner gets home). You can start on your own without cooperation from your spouse and then let them take notice and want to join you! The best thing? Many activities shown in the book will take you no more than a couple of minutes of your timesometimes only seconds! Avoid the not so much talked about silent killer of relationships that is far more damaging than a lack of communication. Learn how to create your sacred couple time when you can hang out, reconnect & rekindle your intimacy even if your days are long and your schedule is packed-full. Prevent ending up living with a stranger some day and instead become someone who knows your loved one best while helping them know your heart better. Discover simple ways to spend meaningful time together and put more laughter back into your marriage without worrying about

money or finding a sitter. Learn how to surprise each other in new ways and keep each other excitedly wondering when your next move will take place. Start recreating that thrilling sense of excitement and novelty just like when you first met, so that your spouse can't help but crave you. Learn how to increase intimacy in your relationship without any sex expectations and why this is one of the easiest (yet most connecting things) you can do. Avoid starting to get bored with your marriage like so many couples eventually do. You won't. Have your children grow up in a healthy emotional atmosphere (as you'll learn in the book, it was the author's children who ultimately pushed him and his wife in the right direction). Learn the easiest way how to make your new love rituals actually stick, so you'll immediately know what to do the next time you feel you're starting to drift apart. And much, much more! The book comes with a link to the exclusive members area with the Golden Collection cheat sheets and a success checklist that you can download to your phone or tablet and use them, even when you don't have this book handy.
