

The Amedun (Tales of a Light Keeper Book 1)

How do you convince someone to believe in something that is beyond anything you have ever imagined? The fate of a small Florida beach town known as Parrish Pointe is about to be determined as a powerful Fallen angel forms his alliance in preparation for the ultimate revenge of destroying the town and its people. Freshly grieving the loss of her older brother, 16-year-old Sara Simms already thought she had a lot on her plate dealing with her parents separation and facing her judgmental peers as she starts a new year of high school. That is until she encounters a real-life angel, is visited by the spirit of her deceased brother and discovers the blood running through her veins is actually an ancient half-human, half-angel Amedun bloodline. Before she can even get through her first day back at school, Saras life is completely turned upside down and inside out. With the help of her new high school guidance counselor, the loyalty of her faithful dog Zeke, and the companionship of her Jersey-born cousin, will Sara be able to put aside her rebellious teenage differences and learn how to accept her destiny of being the key to saving her hometown?
