

# The Bible of Esoteric Knowledge: A Concise Testament on The Universe, the World, Existence, Spirituality, Shamanism, Magick, Personal Development, Success and Sexuality

This book is the testament of a Shaman, Tantrika and Metaphysicist detailing all of his most esoteric knowledge about The Universe, Existence, Physics, Metaphysics, Spirituality, Shamanism, Magick, Personal Development, Success and Sexuality. This book is written in verse format just like the bible and many scriptures for easy referencing of the information, but unlike most other scriptures this book reveals all of the most hardcore information that most religious authorities do not want you to know and have kept hidden for thousands of years. This is indeed a concise manifest of all of the secrets of the universe that you need to know to understand your life and reality. This book will challenge your mind as well as enlighten and empower you, and not only give you the knowledge of the universe and existence that you need to understand exactly how everything works, but it will give you an entire magickal tool chest for success in your life so you can make it what you want and change the world around you. This book is a very valuable and empowering testament that will give you the secret magickal power that the religious authorities have tried to keep away from the masses and all to themselves. If you have been searching for a way to enlightenment and spiritual attainment and power, you have just found it.
