

The Conspiracy Summit

Based on transcripts recorded at the National Alien and Cosmic Conspiracy Conference held in Phoenix and San Diego, a dozen conspiracy researchers meet to discuss the latest information concerning the New World Order and other secret societies. Included among the experts are: * Retired Air Force Pilot Mel Noel who claims that while flying jet fighter he made radio contact with UFO beings. * Jordan Maxwell * Alexander Collier * Gary Schultz * Alfred Bielek, Philadelphia Experiment survivor. And a special section involving the experiences of decorated Army Intelligence Specialist Vance Davis whose UFO related story made front page headlines when he and a group of military specialists went AWOL because of messages they had reportedly received from other worldly sources. Also material about the controversial Bill Cooper.
