

FINE WITHIN

All emotions are natural, all exist for a reason, no matter how wicked may seem, yet, most people pass through life avoiding what's inside themselves, by fear or prejudice of what may come from there. But to improve to your full potential, you must know your complete self. To tame an animal you must first know its instincts. And, by understanding these instincts, you will be able to deal with them, within yourself and within others around. Fine Within contains a list of emotions natural to humankind, you included, and shows how to detect excess and how to achieve balance, on feelings as different as Commitment and Greed, Envy and Patience. Knowing that all emotions have a purpose, and all emotions can be harmful when in excess, will give you the strength to live Fine Within yourself and within your environment.
