

The Laws of Prosperity: Building a Divine Foundation of Success

In his latest work, E. Bernard Jordan builds on his bestseller *The Laws of Thinking* to unveil more of the spiritual truths that dictate success and prosperity. Each of his twenty laws from the law of employment to the law of values is broken down into simple explanations and exercises to help the reader better understand their divine purpose. In this provocative book, Jordan demonstrates that when living in sync with God's universal laws, economic hardship will disappear; you need only have faith, focus, and fundamental knowledge to succeed.
