

## Caring and Kindness: a 40 day challenge

Caring and Kindness: A 40-day challenge is a practical how-to guide for spreading kindness and joy to the world around you. The preface of this book details the how and why of the challenge. Franklin's purpose is to encourage each of us to do his part to make the world a happier place. Franklin argues that simple acts of kindness done each day can make a huge impact and may potentially change the world. Franklin cautions us and encourages us to be mindful of what kind of energy you transmit as well as that you allow into your own space. She also defines three levels of relationship circles, using them as an example of whom we need to be reaching with our daily acts of kindness. Ultimately the goal is for us to reach those that are outside of our inner circle of close family and friends, in order to create an even larger world impact. After laying out the requirements for the challenge, practical and easy to follow acts of kindness are offered. The 40 days for this challenge was not chosen randomly. In the Bible, when making a major change or transformation, Jehovah often used 40 days. We must strive to make the world a better place, and in doing so we will be blessed more than we could even imagine.
