

The Music Box: a memoir

The Music Box is a riveting memoir written by a young girl about her life growing up in Ukraine and Russia with alcoholic parents and an abusive father. Her childhood was spent begging on the streets, running from orphanages, dealing with her brothers kidnapping, and many more plot twisting events. She writes her inspiring journey of getting adopted to America and starting a new life with two strangers who were now her parents. Her search for answers and self discovery will show you what its like to be a young girl growing up in a new culture and dealing with her traumatic past. Its truly an honest and unforgettable story with many shocking twists and turns.
