

The Naturals

Seventeen-year-old Cassie is a natural at reading people. Piecing together the tiniest details, she can tell you who you are and what you want. But, its not a skill that shes ever taken seriously. That is, until the FBI come knocking: theyve begun a classified program that uses exceptional teenagers to crack infamous cold cases, and they need Cassie. What Cassie doesnt realize is that theres more at risk than a few unsolved homicides-especially when shes sent to live with a group of teens whose gifts are as unusual as her own. Soon, it becomes clear that no one in the Naturals program is what they seem. And when a new killer strikes, danger looms close. Caught in a lethal game of cat and mouse with a killer, the Naturals are going to have to use all of their gifts just to survive. Think The Mentalist meets Pretty Little Liars-Jennifer Lynn-Barnes The Naturals is a gripping psychological thriller with killer appeal, a to-die-for romance, and the bones of a gritty and compelling new series.
